

On Being *Per Se* in Aristotle's *Posterior Analytics*: 'La nozione aristotelica di 'per se': una nuova proposta interpretativa', *Documenti e Studi sulla Tradizione Filosofica Medievale* , vol. XI, pp. 1-35, 2000

*Abstract*: I examine the different classifications of the various senses of *per se* which Aristotle offers in his logical works and in his *Metaphysics*, and propose an original account of them explaining their interrelations.
