

## Philosophy Lecture List for Hilary Term 2024

- The Philosophy Canvas intranet site will be made available to undergraduate and graduate students, and relevant sections for classes and lectures will appear there.
- Most lectures are recorded for general release to Oxford Philosophy students, except where the lecturer exercises the right to opt out of general release, or where we don't have facilities to arrange recordings (such as in colleges). Students with special arrangements to have lecture recordings made can still access recordings if they are made. In any case, you should be attending lectures in person: the recordings complement, rather than replace the lectures.
- Classes or lectures will begin at five minutes after the hour and end at five minutes before the next hour.
- The information below is subject to change. Late changes are marked in **red**. Please make sure that you check the Faculty's website <http://www.philosophy.ox.ac.uk/lectures> for the most up-to-date information. Detailed course descriptions will be published in the Lecture Prospectus, available on that webpage. This information is correct as at 10 January 2024.
- In the event of any queries or mistakes, please contact [James Knight](#).
